EXPERIENCE

SnappTrip, Iran, Hybrid — *Senior Product Designer*

Online corporate and B2C travel booking platform | Aug 2024 – Aug 2026 (2 yrs 1 mo)

- Designed end-to-end web and mobile experiences for travel booking (flights, buses, trains), owning flows from discovery to post-purchase for both B2C and corporate traveler segments.
- Overhauled filter and search UX across travel verticals, driving a 3X increase in filter conversion rate and improving inventory discoverability for business and leisure travelers.
- Led A/B testing on solution cards (listings/results), achieving a 10% uplift in conversion rate through data-informed iterations and quantitative/qualitative research.
- Redesigned cancellation and self-service flows across flights, buses, and trains, reducing support calls per ticket by 30% and lifting self-service resolution.
- Partnered day-to-day with Product Managers, Engineering, and Data Analysts to turn behavioral data into shipped improvements; contributed to and extended the design system.
- Integrated AI tools into the design workflow (research synthesis, prototyping, UX writing) to accelerate iteration and raise team efficiency.

Grass, USA, Remote — *Senior Product Designer*

Web3 and AI product | Aug 2023 – Aug 2024 (1 yr 1 mo)

- Revamped design flows and navigations, reducing the frequency of misdirected customer service queries by 30% and increasing traffic to previously neglected pages.
- Conducted evaluative testing with 10+ participants; synthesized and designed against findings which reduced bounce rate for primary user flow by 30%.
- Improved project delivery by 50% by establishing design operations, leading collaborations with developer teams, and successfully applying design sprints.

MintList, Canada, Remote — *Senior Product Designer*

An online trading car site | Jul 2021 – Aug 2023 (2 yrs 2 mos)

- Liaised with marketing to improve user experience across all channels, including email, mobile view, and social media advertising, leading to a 35% increase in revenue.
- Redesigned company's homepage and lead generation forms using only existing site components; reduced bounce rates by 40% and raised leads by 15%.
- Conducted 25+ user-testing focus groups leading to 3 new product features in 6 months.
- Conceptualized, designed, and developed marketing pages and custom features of website, directly contributed to over 40% increase in revenue.

IranTalent, Iran, Hybrid — *Product Designer*

An online recruitment service | Aug 2019 – Jul 2021 (2 yrs)

- Increased sales by 3 times through the redesign of premium features and funnels for a SaaS product.
- Achieved 50% candidates' CV completion rate by designing a gamification plan.

SKILLS

Design

Figma • Design Systems • Web & Mobile UX • Wireframing • Prototyping • Interaction Design • Accessibility • Information Architecture

Research

User Research • Usability Testing • A/B Testing • Product Discovery • Data-informed Design • Clarity • Maze

Leadership

Design Leadership • Cross-functional Collaboration with Product/Engineering/Data • Stakeholder Management • Mentoring • Agile

AI

AI-assisted UX Design • Prompt Engineering • AI Prototyping & Animation • AI-generated Landing Pages • AI-powered User Research & Ideation • ChatGPT • Claude • NotebookLM

EDUCATION

Dr. Shariaty Technical College

B.S, Computer Engineering

Tehran, Iran

Technical and Vocational University

Associate's degree, Computer

Engineering

Rasht, Iran

LECTURER

Shahid Beheshti University

Taught product design

Tehran Institute of Technology

Taught Product design

Idea School

Taught UX/UI design

LANGUAGE

Persian: Native speaker

English: Advanced proficiency
