EXPERIENCE

SnappTrip, Iran, Hybrid — *Senior Product Designer*

Online travel and mobility booking platform | Aug 2024 – Aug 2026 (2 yrs 1 mo)

- Designed consumer mobility and booking flows across flights, buses, and trains — mobile-first native experiences for high-volume everyday-use journeys.
- Overhauled filter and search UX across transport verticals, driving a 3X increase in filter conversion rate and improving discoverability for millions of trips.
- Led A/B testing on solution cards (listings/results), delivering a 10% uplift in conversion rate through rapid, data-informed iteration.
- Redesigned cancellation and refund flows for flights, buses, and trains, cutting support calls per ticket by 30% and raising self-service resolution.
- Partnered day-to-day with Product, Engineering, and Data to turn behavioral data into shipped mobile improvements that moved core metrics.
- Mentored a Product Designer and introduced AI tools into the workflow to accelerate research synthesis, prototyping, and documentation.

Grass, USA, Remote — *Senior Product Designer*

Web3 and AI product | Aug 2023 - Aug 2024 (1 yr 1 mo)

- Revamped design flows and navigations, reducing the frequency of misdirected customer service queries by 30% and increasing traffic to previously neglected pages.
- Conducted evaluative testing with 10+ participants; synthesized and designed against findings which reduced bounce rate for primary user flow by 30%.
- Improved project delivery by 50% by establishing design operations, leading collaborations with developer teams, and successfully applying design sprints.
