SENIOR PRODUCT DESIGNER, GROWTH & CONSUMER UX — BERLIN, GERMANY

Dear HelloFresh Hiring Team,

I'm applying for the Senior Product Designer, Growth & Consumer UX role in Berlin. HelloFresh turns a weekly chore into something people look forward to, and the hard part is everything around the box — acquisition, checkout, the first subscription, staying subscribed. That acquisition-to-retention surface is precisely the work I've spent the last seven years on, and it's the kind of high-volume consumer impact I'd give everything to be part of.

For the last two years at SnappTrip I've owned consumer growth and conversion design across a high-traffic booking platform, partnering closely with Product Managers, Engineering Managers and Data Analysts. Three results that map straight to this role: A/B tests across result and checkout surfaces that drove a **10% uplift in conversion**, a filter and discovery overhaul that delivered a **3X increase in filter conversion**, and a redesign of cancellation and post-purchase flows that **cut support contacts per ticket by 30%** while improving retention and trust. I bring real experimentation rigor and dense consumer-funnel craft — exactly what Growth and Consumer UX squads run on — plus subscription-funnel experience from redesigning premium plans at IranTalent.

Berlin is where I most want to build, and HelloFresh is a big reason why. I'm Tehran-based and fully ready to relocate; I'd qualify for the EU Blue Card and would gladly take up HelloFresh's visa sponsorship and relocation support. Open to a hybrid setup in Berlin from day one.

I'd love to walk you through my conversion, A/B and funnel work in more detail. Thank you for your time.

Warm regards,

Farzaneh Abasnezhadford
