

Farzaneh Abasnezhadford

Senior Product Designer

Location: Iran, Tehran • **Phone:** +98 936-648-9209 • **Linkedin:** [linkedin.com/in/farzanea](https://www.linkedin.com/in/farzanea) • **Portfolio:** www.farzaneha.com • farzaneh.abasnezhadford@gmail.com

EXPERIENCE

SnappTrip, Iran, Hybrid — *Senior Product Designer*

Consumer platform with complex, data-dense interfaces | Aug 2024 – Aug 2026 (2 yrs 1 mo)

- Embedded AI tools across the design workflow — research synthesis, ideation, UX writing, interactive prototyping and documentation — accelerating team throughput and shortening discovery-to-delivery cycles.
- Designed and owned end-to-end interaction patterns for dense, high-interactivity interfaces, overhauling filter UX and driving a 3X increase in filter conversion rate.
- Ran A/B testing on result and listing cards, achieving a 10% uplift in conversion through data-informed, hypothesis-driven iteration.
- Rebuilt complex multi-step flows (cancellation across flights, buses, trains), reducing support contacts per ticket by 30% and raising self-service resolution.
- Partnered daily with Product Managers, Engineering Managers and Data Analysts to turn behavioral data into shipped product improvements.
- Mentored and guided a Product Designer to ensure consistent, high-quality design execution.

Grass, USA, Remote — *Senior Product Designer*

Web3 and AI product | Aug 2023 – Aug 2024 (1 yr 1 mo)

- Established design operations and reusable component patterns, improving project delivery by 50% through design sprints and tight developer collaboration.
- Revamped core flows and navigation, cutting misdirected support queries by 30% and increasing traffic to previously neglected surfaces.
- Ran evaluative testing with 10+ participants and designed against findings, reducing bounce rate for the primary user flow by 30%.

MintList, Canada, Remote — *Senior Product Designer*

An online trading car site | Jul 2021 – Aug 2023 (2 yrs 2 mos)

- Redesigned the homepage and lead-generation forms using only existing design-system components, reducing bounce rates by 40% and raising leads by 15%.
- Conducted 25+ user-testing focus groups that led to 3 new product features in 6 months.
- Conceptualized, designed and shipped marketing pages and custom site features, directly contributing to a 40%+ increase in revenue.
- Partnered with marketing to improve experience across email, mobile and advertising channels, lifting revenue by 35%.

IranTalent, Iran, Hybrid — *Product Designer*

An online recruitment service | Aug 2019 – Jul 2021 (2 yrs)

- Increased sales by 3 times through the redesign of premium features and funnels for a SaaS product.
- Achieved 50% candidates' CV completion rate by designing a gamification plan.

SKILLS

AI: AI-assisted UX Design • AI Prototyping & Animation • Prompt Engineering • AI-powered User Research & Ideation • Designing for agentic / AI products • ChatGPT • Claude • NotebookLM

Design: Figma • Design Systems • Interaction Design • Complex / Data-dense UI • Prototyping • Wireframing • Information Architecture

Research: User Research • Usability Testing • A/B Testing • Product Discovery • Data Analysis • Clarity • Maze

Leadership: Design Leadership • Cross-functional Collaboration with Product/Engineering/Data • Stakeholder Management • Mentoring • Agile

EDUCATION

Dr. Shariaty Technical College — B.S, Computer Engineering , Tehran, Iran

Technical and Vocational University — Associate's degree, Computer Engineering , Rasht, Iran

LECTURER

Shahid Beheshti University — Taught product design

Tehran Institute of Technology — Taught Product design

Idea School — Taught UX/UI design

LANGUAGE

Persian: Native speaker **English:** Advanced proficiency
